

Sustainable Finance Geneva Co-Founders Bios

## Angela de Wolff

Title: Founder & CEO

Company: [ConSer Invest SA](#)

ConSer Invest is a consulting/advisory firm dedicated to Sustainable and Responsible Investment (SRI). It advises its clients through various phases of understanding, definition, selection and implementation of responsible investment solutions. SRI analysis takes into account extra-financial criteria, such as environmental, social and corporate governance (ESG), on top of the usual competitive financial performance.

### Biography

In January 2007 Angela de Wolff founded her own company ConSer Invest SA, which is giving independent advisory on Responsible Investment to financial professionals. From 2002 to 2006, she has been Head of the SRI (Sustainable Responsible Investment) section at Lombard Odier Darier Hentsch. She joined the Group in January 2000 to help define a sustainable development approach, which could be integrated into the work of the Research Department and used in any investment process.

She began her career in 1991 as a consultant with Andersen Consulting. In 1994, she was taken on as a senior financial analyst in the Research Department at Darier Hentsch & Cie, where she covered the European market. She became a Certified European Financial Analyst (CEFA) in 2000, and is a member of the Swiss Society of Financial Analysts and Portfolio Managers. Ms. Angela de Wolff obtained a Master in economics from the Lausanne University in 1989 and a Master's in international management from IFOR-Bocconi (Milan) in 1990.

### Areas of Expertise

Financial analysis; ESG integration in equity research and investment process; SRI expertise; entrepreneurship; project & people management.

### Why is SFG important to you and/or why does sustainable finance in Geneva matter to you ?

- Finance is the engine of the economy, but without responsibility it could endanger the fragile balance of our planet.
- Investors (private and institutional) cannot ignore anymore the influence of their investment decisions on companies' behavior and more generally on the economy orientation. Taking into consideration ESG dimension will become part of their traditional investment due diligence.
- Geneva is a unique center, which gathers recognized, pioneer & leader institutions related to sustainable finance (SRI, Microfinance, philanthropy, ESG rating agency, etc.)
- The union of these various expertises will give Geneva and its financial professionals a unique opportunity to be at the forefront of this new tendency.
