Banking and finance, investment products and services, derivatives and pension funds.

Why is SFG important to you and/or why does sustainable finance in Geneva matter to you ?

Investment choices, like other activities, commit our responsibility. SFG is important to me because it plays a pioneering role in making the investment actors sensitive to the importance of sustainable choices and informing them in this matter. My dream is that, soon or later, Geneva becomes an internationally well recognized center of expertise and excellence in sustainable finance.
