# Corporate Sustainability Forum

Hotel Intercontinental, Geneva  
26 May 2009

AUDIT ■ TAX ■ ADVISORY

Dear Sir or Madam,

The current financial crisis has touched every organization and individual. It has reinforced the importance of sustainability, ethics and corporate responsibility. **Is your organization's sustainability agenda enabled and/or ready to address the changing global landscape?**

We are pleased to invite you to the upcoming of KPMG Corporate Sustainability Forum on **26 May 2009 at Hotel Intercontinental** in Geneva. **Angela de Wolff**, Partner Conser Invest and President of Sustainable Finance Geneva, will be our guest speaker focusing on **Sustainable Finance: A key enabler in regaining stakeholder trust**. KPMG's Corporate Sustainability Forum is a place to discuss the challenges and opportunities that the changing global landscape offers in relation to sustainability. Sustainability's tenets of transparency and fairness are pillars for building trust, an increasingly strategic asset for most companies.

The concept is simple: an informal and intimate setting allowing each of you to interact and exchange ideas with top tier organizations and to compare and contrast your most pressing corporate sustainability issues and questions in an atmosphere of confidentiality and trust.

Please find the agenda for the event on the next page. We would also appreciate it if you could complete and return the enclosed confirmation by 15 May 2009.

We sincerely hope that you will be able to participate.

Kind regards

KPMG SA
